1 It is stated that though these petty works will have to be done annually from out of the normal funds of the Bd., yet the small provision that the Bd. have been making from year to year for this work, is found to be insufficient to keep the roads in good condition.

2 Due to the bad condition of the roads & the heavy traffic in the area this special step has been taken by the Post Engr.

3 The Post requests sanction in the above circumstances, to the estimates.

Sir,

Re: Works of Improvement in the Sanitary Board area.

Adverting to Government Order No. L. 9276-82/ L. B. 33-44-19 dated 16th March 1945, sanctioning among other things, the programme of Improvement Works to be executed in two stages in the Sanitary Board area, I have the honour to forward herewith, for favour of early sanction of Government, 19 estimates aggregating Rs. 15,000/- received from the Assistant Engineer of the Sanitary Board for improving 19 roads of the Sanitary Board as detailed in the abstract estimate. Though in the usual course, works of this kind have to be included in the annual programme of works to be executed by the Board's agency and the cost met from out of their normal funds, it is seen that the small provision that the Board have been able to make from year to year in their Budget Estimates has not been sufficient to keep these roads in a state of good repair. Due to the peculiar conditions prevalent here and heavy traffic, the roads have fast deteriorated with the result that ordinary repairs will not be helpful to restore them to a good condition. So, with a view to improve these roads and bring them to a state of good repair, the Assistant Engineer has submitted these estimates. The works are very necessary and urgent and the estimates may therefore be kindly sanctioned.

The cost on this account will be met out of the provision of Rs. 15,000/- made in the first stage of the Improvement Works under the head ' Improvements to roads and laying out roads'. A copy of the Board's resolution on the subject is enclosed for reference.
